

Australian Government

Date: Friday 5 August, 1 – 3pm

Place: Skills Tasmania, level 1, 99 Bathurst St Hobart

The Australian Government is seeking the views of young people (15-24) on the Australian Apprenticeships system – including on Apprenticeships, Traineeships and Vocational Education in schools.

We want to hear your opinions and ideas:

- What do you think of apprenticeships and traineeships?
- What do you think about VET in school courses?
- How could Australian Apprenticeships be promoted more positively to young people and their parents?
- How could the Australian Apprenticeship system be improved?
- How could VET in schools better link with apprenticeships and traineeships?
- How can support services for young people be improved?

Your ideas will be used to help inform the government's decisions on the next steps to improve the Australian Apprenticeships system.

Your Details

Image Consent

By signing this form below, I give consent for my photograph or video footage to be kept for use in printed and electronic media relating to the Australian Youth Forum.

The Australian Youth Forum, launched in 2008, is a formal communication channel between the Australian Government, young people (aged 15–24) and the youth sector. The Forum gives young people the opportunity to have their ideas heard, and to get involved in ongoing public discussions. These ideas are then used by the Australian Government to help make decisions and to develop policy.

The image(s) may be used by the Australian Youth Forum, Youth Network of Tasmania and Skills Tasmania in print publications, display materials and on the organisation's website to promote a range of initiatives and programs.
