

The Rotary Club of Evandale and the Rotary Club of Oatlands are collaborating to place a large number of donated hospital beds to destinations in great need; We have a positive response from Past District Governor Geoff McLennan who is acting as an intermediary for District Governor Rey Castillo of District 3820 of the Philippines who has expressed a willingness to place all the beds. I have also initiated enquiries in Timor Leste' and Papua New Guinea but have yet to receive responses from either. PDG Geoff has also indicated that there is a pressing need for bed linen in Philippines and the purpose of this email is therefore to solicit the assistance of your members to consider donating any surplus items of used bed linen that may become available due to replacement schedules etc. I received a similar request for bed linen from the Rotary Club of Port Moresby , PNG, when our Rotary Club sent a consignment of hospital beds to that country last year. So we will accept all donations of useable bed linen that your members may care to make available.

I would appreciate your assistance in canvassing your members with this request on behalf of our Rotary Clubs.

I may be contacted on mobile No. 0409841210 or email to [richard.chugg@bigpond.com](mailto:richard.chugg@bigpond.com)

Kind regards

Richard Chugg  
President  
Rotary Club of Evandale
