## NEW ZEALANDERS CAN DO ANYTHING - WHAT CAN YOU DO TO HELP?

Dear Steve,

It's not all about money.

After thinking hard, we thought the best way to help Christchurch is to offer services, products and opportunities that will give individuals what they need. So if you have accommodation, work, food, travel - anything that may be of value, add it to our list to allow individuals to gain access to what they need.

This is New Zealand looking out for each other, stop feeling helpless, just because you cannot give money, get creative and help Christchurch get back on its feet.

New Zealanders can do anything - what can you do?

Adam Cunningham  
President  
Hospitality Association of New Zealand

### **Can Do - Make Your Offers of Assistance to Canterbury Members**

If you would like to offer assistance to our Canterbury members [please log on to our website](#) and you will land on your dashboard, then click on the [Member to Member Benefits](#).

Please select the 'offer of support for those affected by the Christchurch Quake' option first before uploading the details of your offer. This will ensure Canterbury members seeking assistance will find your Christchurch Earthquake specific offer easily.

Your offer of assistance, whether it be a free night's accommodation, food, travel costs or temporary employment can be viewed on the [Member to Member Benefits](#) page until your selected date of

expiry, and please ensure you rescind your listing once it has been taken up. You can do this online in the [Member to Member Benefits](#) area.

Thank you for your support. Whatever you can offer will be greatly appreciated and will make life just a little bit easier.

Alternatively, you can call our National Service Centre on 0800 500 503 or email [nsc@hanz.org.nz](mailto:nsc@hanz.org.nz) for more information.

## PAN Industry Response

Following our initial response of setting up a Christchurch Earthquake Advice page on our website, our Chief Executive Bruce Robertson will be convening a conference call of all the hospitality sector organisations tomorrow morning.

The goal of this meeting is to see how we, as a sector, can best help Canterbury recover from this disaster and how we can share resources to optimise the assistance we provide.
