Dear Sir/Madam

FREE SATURDAY HOBARTHOPPER SHUTTLE BUS

I am writing to advise you that Hobart City Council has launched a trial free shuttle bus service, the HobartHopper, to help shoppers and visitors get around the City Centre and Salamanca Market on Saturdays.

The hop-on, hop-off service connects Hobart City Centre with Salamanca and the Market, with several stops in between.

Two shuttle buses will run in a continuous loop around the HobartHopper circuit, stopping at nine key locations, including Hobart City Council's three off-street car parks - Argyle Street, Centrepont and Hobart Central car parks.

The shuttles will operate between the hours of 8.30am and 4pm on Saturdays only. The average wait time between services is approximately ten minutes.

All shuttles and stops are accessible for people with a disability. There's also room for shopping bags, prams and strollers.

The number of users and results of surveys conducted during the trial period will help to inform future decisions about the HobartHopper service.

I am enclosing some HobartHopper flyers for your information. If you require additional copies of the HobartHopper flyer, please contact me on (03) 6238 2890.

Yours faithfully

(Chris Phelps)
