

Improved Federal Government incentives now available!!

## KICK START BONUS - \$7350 per Apprentice

Do you employ an **Apprentice Cook**, or are you thinking about it?

The time is now right to employ because employers who commence an eligible Australian Apprentice who is aged 19 years and under between **1<sup>st</sup> December 2009 and 28<sup>th</sup> February 2010** can receive additional incentives from the Federal Government's' Apprentice Kickstart program.

The incentives are on top of any existing entitlements and involve an additional \$850 payable at the 3 month point and a further \$2,500 after 9 months of the Australian Apprenticeship. This brings the total incentive package to **\$7,350 per apprentice**. This applies only to the first 21,000 apprentices employed across Australia, so don't delay.

And with Franklyn Scholar providing training at your venue and at times that suit you to provide the flexibility you need to keep your business operating in its busiest times, there's no reason to hold off any longer. To find out more, contact **Sarah Veale** on **6323 1300**, **fax us the coupon below** or **email us** at [info@fslearning.com.au](mailto:info@fslearning.com.au) and ask for details.

Alternatively contact your preferred Australian Apprenticeship Centre for more details.
