

DHHS has issued a couple of press releases lately that would be of interest to members.

**Hepatitis A** – Tasmanian Government issued a media statement about the need to cook semi dried tomatoes see

<http://www.media.tas.gov.au/release.php?id=28392> there is a fact sheet on the FSANZ website

<http://www.foodstandards.gov.au/newsroom/factsheets/factsheets2009/semi-dried-tomatoes-hep4502.cfm>

**Note:** we have no cases of HAV connected to SD tomato product so far in Tas.
